

A collection of acrylic paint tubes in various colors (white, yellow, red, purple) and several brushes with wooden handles and blue or gold ferrules, arranged in a fan shape.

incraftables™

acrylic paint set

PRODUCT INSTRUCTIONS

This versatile **Incraftables Acrylic Paint Set** includes 24 vibrant colors (12ml each), perfect for a wide range of artistic styles.

It features 12 high-quality brushes for various painting techniques, a sponge for adding texture, a color palette for mixing and blending, and a mixing art knife for texture application and paint mixing.

Ideal for artists of all levels, this set provides everything you need to create beautiful artwork.

WHAT'S INCLUDED:

- **24 vibrant acrylic paint tubes** (12ml each)
- **12 high-quality brushes** (for various painting techniques)
- **1 sponge** (for adding texture)
- **1 color palette** (for mixing and blending)
- **1 mixing art knife** (for texture application and paint mixing)

TOOLS NEEDED:

- Canvas or painting surface (canvas, boards, or paper)
- Water container (for rinsing brushes)
- Rags or paper towels (for cleaning brushes and spills)

STEP-BY-STEP INSTRUCTIONS:

1. Setting Up Workspace

- Cover surfaces with newspaper or plastic.
- Lay out paints, brushes, sponge, palette, and knife.

2. Using Acrylic Paints

- Squeeze a small amount (about a pea-sized drop) of acrylic paint onto the palette. Since the paint dries quickly, use only what you need for each session.

STEP-BY-STEP INSTRUCTIONS:

3. Brushes & Sponge

- Choose a brush for your strokes or the sponge for texture. Rinse the brush when switching colors.

4. Mixing & Applying

- Blend colors on the palette or use directly. Apply with brushes or the mixing knife for thicker textures.
- **Using the Palette:** Mix and blend colors directly on the palette.
- **Using the Art Knife:** Use the knife for blending, scraping, or adding texture.

STEP-BY-STEP INSTRUCTIONS:

5. Cleaning Tools

- Clean brushes, sponge, palette, and knife immediately with water.

6. Storing the Set

- Seal paint tubes tightly, store brushes upright, and keep in a cool, dry place.

PRO TIPS FOR ACRYLIC PAINTING:

- **Layering:** Once dry, acrylics can be layered to add depth and intricate details to your work.
- **Blending:** While the paint is still wet, blend colors smoothly using a sponge or brush.
- **Water Usage:** Use water sparingly to thin the paint. Too much can reduce its opacity.
- **Texture:** Try using the mixing knife and sponge to create unique textures and effects.
