

incraftables™

craft sticks

PRODUCT INSTRUCTIONS

The **Incraftables Multicolor Craft Sticks** pack includes 600 vibrant, versatile craft sticks. Each stick is 4.5 inches long, ideal for a variety of creative DIY projects, from model building and picture frames to kids' crafts and STEM projects. These colorful sticks encourage imaginative play, educational activities, and easy crafting for beginners and experts alike.

WHAT'S INCLUDED:

- **600 multicolored craft sticks** (4.5 inches each)

TOOLS NEEDED:

- **Scissors** (optional, for trimming or other customizations)
- **Glue** (craft or hot glue gun for stronger bonding)
- **Paint** (optional, to add additional colors or designs)
- **Markers** (for decorating sticks further)

STEP-BY-STEP INSTRUCTIONS:

1. Prepare Your Workspace

- Set up a clean, flat surface for easy crafting. Use a cutting mat or newspaper if you plan to paint or use glue.

2. Select Colors

- Pick out the desired colors from the assortment for your project.

STEP-BY-STEP INSTRUCTIONS:

3. Design and Assemble

- Arrange the sticks according to your design or pattern, experimenting with layouts and structures.

4. Glue the Pieces

- Once the layout is ready, apply glue at the joints to secure the structure. Allow drying time if using liquid glue.

STEP-BY-STEP INSTRUCTIONS:

5. Add Finishing Touches

- Decorate with markers or additional colors as desired.

PRO TIP:

- For extra sturdy designs, use a hot glue gun for stronger bonding. If you're making projects with kids, consider pre-planning the layout to make assembly easier and safer.
