

incraftables™

glitter marker

PRODUCT INSTRUCTIONS

The **Incraftables Outline Glitter Marker** set provides vibrant, metallic, double-line effects with glitter accents. These markers are ideal for enhancing creative projects, scrapbooks, cards, and more. When applied to paper, the ink flows in two tones—a metallic inner line surrounded by a colored glitter outline—creating a striking, unique effect.

WHAT'S INCLUDED:

- **12 Metallic Double Line Markers**
(each a different color, for a total of 12 unique shades)
- **Storage Box** for convenient organization and portability

TOOLS NEEDED:

- **Paper or Canvas for application**
(works best on smooth paper)
- **Optional:** Protective Surface to prevent any marker bleed-through

STEP-BY-STEP INSTRUCTIONS:

1. Shake the marker gently before each use to ensure the ink flows properly.

2. Press the marker tip down on a flat surface a few times to activate the ink.

STEP-BY-STEP INSTRUCTIONS:

3. Draw on your desired surface and watch as the double-line effect appears.

4. Recap markers tightly after use to prevent drying.

TIPS FOR BEST RESULTS:

- **For Best Results:** Use on smooth, white paper to make colors pop and ensure the double-line effect is more distinct.
- **Pressure Control:** Experiment with light and firm pressure to achieve different effects.
- **Store Horizontally:** Storing markers horizontally can help maintain ink consistency.
- **Test First:** Try the marker on a test surface before your main project to get a feel for the effect.
