gold charms

PRODUCT INSTRUCTIONS

The **Incraftables Gold Antique Charms** set is a versatile collection perfect for jewelry-making, DIY crafts, or adding unique accents to accessories. With 100 intricately designed charms in a vintage gold finish, along with clasps and jump rings, this set offers ample components to create custom pieces with ease. Each charm, clasp, and ring is crafted from a non-oxidizing, no-fading alloy, ensuring long-lasting beauty.

WHAT'S INCLUDED:

- **100 Charms:** Ranging in size from 6 mm to 32 mm (1/4 inch to 1 1/4 inch), offering a variety of shapes and designs.
- **15 Clasps:** Easy-to-use clasps for connecting chains or other jewelry components.
- **15 Open Jump Rings:** Ideal for attaching charms to chains, keyrings, and other accessories.

TOOLS NEEDED:

- **Jewelry Pliers (flat-nose or chain-nose):** Useful for opening and closing jump rings and clasps.
- **Wire Cutters (optional):** If you need to trim chain or other materials.
- **Needle-Nose Tweezers (optional):** For handling small components.

STEP-BY-STEP INSTRUCTIONS:

1. Prepare Your Design

- Lay out the charms and decide on your design before attaching any pieces.

2. Attach Charms to Rings or Chains

- Using jewelry pliers, gently twist open a jump ring (*do not pull it apart sideways*). Slide the charm onto the ring and close it securely.

STEP-BY-STEP INSTRUCTIONS:

3. Use Clasps for Secure Closure

- Attach a clasp to one end of a bracelet, necklace, or anklet using a jump ring, then attach another jump ring to the other end to fasten.

4. Check for Secure Fittings

- Ensure all jump rings and clasps are tightly closed.

TIPS FOR BEST RESULTS:

- **Avoid Over-Twisting:** Only slightly twist jump rings open; over-twisting can weaken the metal.
- **Store Charms Carefully:** Keep unused charms in a small compartmentalized box to prevent tarnishing and scratching.
- **Experiment with Layers:** Combine different charms for a layered, unique look on bracelets or necklaces.
- **Use Non-Tarnish Spray (Optional):** For extra protection, spray with a clear non-tarnish jewelry spray to keep the finish bright and pristine.
