# natural stone beads

PRODUCT INSTRUCTIONS

The **Incraftables Natural Stone Beads Set** is a premium crafting kit designed for bead enthusiasts. With 1,200 natural stone beads in a variety of colors, this set allows for endless creativity in making jewelry, accessories, and more. The included spacers, keychain rings, clasps, jump rings, and organizational tools ensure you have everything you need to get started.

## WHAT'S INCLUDED:

- **Beads Count:** 1,200 pieces
- **Beads Size:** 8 mm
- **Colors:** 12 vibrant colors of natural stone beads
- **Spacer Beads:** 150 pieces in 6 types (Gold & Silver)
- **Elastic Thread:** For stringing beads
- **Silver Wire:** For creating unique designs
- **Keychain Rings:** 15 pieces
- **Clasps:** 15 pieces for secure closures
- **Jump Rings:** 15 pieces for attaching components
- **Organizer Box:** To keep all materials organized and easily accessible

## TOOLS NEEDED:

- Scissors (for cutting elastic thread)
- Wire cutters (for trimming silver wire)
- Needle-nose pliers (for handling jump rings and clasps)
- Ruler or measuring tape (for measuring lengths)

## STEP-BY-STEP INSTRUCTIONS:

### 1. Choose Beads

- Pick stone type, size, and quality. Ensure color and shape fit your design.

### 2. Plan Design

- Lay out your beads, considering spacers and weight balance.

## STEP-BY-STEP INSTRUCTIONS:

### 3. Select Stringing Material

- Use wire for heavy stones, elastic for stretch, or nylon/silk for lightweight.

### 4. String Beads

- Use bead stoppers to secure while working. Knot between beads for extra protection.

## STEP-BY-STEP INSTRUCTIONS:

### 5. Finish with Clasps

- Attach clasps securely with crimps or knots. Add glue for strength.

### 6. Care

- Avoid chemicals; store in a soft pouch to prevent scratches.

## TIPS FOR BEST RESULTS:

- **Plan Your Design:** Before starting, sketch out your jewelry design on paper to visualize the color patterns and layout.
- **Use Spacers Wisely:** Spacer beads can enhance your design and provide a polished look. Use them to separate color sections or to add a touch of elegance.
- **Measure Twice, Cut Once:** When cutting the elastic thread, ensure you have enough length for your design while allowing for knots and closures.
- **Knot Securely:** When finishing your elastic stringing, tie a double knot and use a dab of clear glue to secure the knot for added strength.
- **Experiment with Wire:** Use the silver wire to create unique shapes or charms. Wrap it around beads to create stunning focal points in your pieces.
- **Organize Your Workspace:** Keep your beads sorted in the organizer box, separating by color or type to make it easier to find what you need.
- **Incorporate Personal Touches:** Feel free to mix and match beads with other materials or charms you may have to make your pieces truly one-of-a-kind.
