# water beads

PRODUCT INSTRUCTIONS

**Incraftables Water Beads** are vibrant, colorful beads designed for sensory play, decoration, or crafting projects. They expand in size when soaked in water, providing a unique tactile experience. With 50,000 pieces in various colors, these beads are perfect for creating stunning displays or enhancing activities.

## **WHAT'S INCLUDED:**

- **Water Beads Count:** 50,000 pcs (multicolor)
- **Total Weight:** 8.8 oz (270 grams)
- **Before Water Bead Size Range:** 2 - 2.5 mm
- **After Water Bead Size Range:** 9 - 11 mm

## **TOOLS NEEDED:**

- **Container:** A large bowl or tub to soak the beads (ensure it's large enough to accommodate the expanded size).
- **Water:** Enough to fully submerge the beads (preferably room temperature).
- **Optional:**
  - A strainer for easy removal of excess water.
  - Decorative items (e.g., vases, jars) for display purposes.

## STEP-BY-STEP INSTRUCTIONS:

### 1. Prepare the Water

- Fill a large container with enough water to fully submerge the beads.

### 2. Add the Water Beads

- Carefully pour the desired amount of water beads into the water.

## STEP-BY-STEP INSTRUCTIONS:

### 3. Soaking Time

- Allow the beads to soak for 4-6 hours. The beads will expand significantly during this time.

### 4. Check Size

- After soaking, check the size of the beads; they should be between 9-11 mm.

## STEP-BY-STEP INSTRUCTIONS:

### 5. Drain Excess Water

- If desired, use a strainer to remove excess water before use or display.

### 6. Storage

- If you have leftover beads, store them in a cool, dry place in an airtight container.

## TIPS FOR BEST RESULTS:

- **Mix Colors:** Combine different colors for a more vibrant display.
- **Test Before Use:** Always soak a small sample before using the beads in large quantities to ensure desired results.
- **Reuse Water Beads:** After use, you can rinse the beads and soak them again to reuse.
- **Avoid Direct Sunlight:** Store your beads away from direct sunlight to prevent fading.
- **Incorporate into Crafts:** Use the beads in various DIY projects, such as centerpieces, sensory bins, or water play activities.
